Some thoughts from Liz Lloyd, Herefordshire Rural Hub Chair

We've all heard the old tale of the local vicar, admiring the view across the valley, saying 'isn't it wonderful what God and the farmer can do together?' 'Yes', said the farmer 'but you should have seen the state of things when He did it on his own'.

The concept of rewilding has met enthusiastic press coverage. Now Putin's war highlights Britain's food fragility and we face the contrasting but conjoined twins of a lack of government interest in creating a strategic framework for food and powerful supermarkets' grip causing a retail price war over staple foods such as eggs and milk.

Somewhere there's an opportunity for inventive, imaginative and energetic food producers to bring some sense to bear. Now is the time to seek out opportunities, book yourself on a course, or go to an event to help underpin the resilience of your business.

Too Good Not To Share!

A really useful website - [GCFGlobal](#)

This website has a huge range of tutorials for pretty much anything you might want to do on a computer. It includes historic versions of Windows and Mac OS as well as different versions of Microsoft Office.

Be Smart!!

The International Mobile Equipment Identity (IMEI) number is **a unique identification or serial number that all mobile phones and smartphones have**. It is normally 15 digits long. The IMEI number can be found on the silver sticker on the back of your phone, under the battery pack, or on the box your phone came in, it can also be obtained in your 'settings' or by keying in ***#06#** to your phone keypad. **You should retain a record of your phone's IMEI number**. You need this information if the phone is lost or stolen. And don't keep a note of it on your phone as it defeats the object!

Basic Payment Scheme 2022

Key dates

- **16 May** - last day to submit a BPS application without penalty. This is also the deadline to transfer BPS entitlements for 2022.
- **10 June** - last day to submit a late BPS application, with penalty. This is also the deadline for making certain changes without penalty to a BPS application that was submitted by 16 May.
- Transfer land parcels and BPS entitlements - You can transfer land parcels and BPS entitlements for 2022 **until 16 May**, using the Rural Payments service. You can also add land by email

[Basic Payment Scheme Rules and Guidance on Gov.UK](#)

[Defra guidance on Delinked Payments](#) which will replace BPS in 2024

Countryside Stewardship

Key dates

- **16 May** - deadline for existing Environmental Stewardship agreement holders to submit their annual revenue claim without penalty. You can continue to submit claims after 16 May until midnight on 10 June, but with penalties.
- **27 May** – last day to request a paper application pack for Mid Tier or Wildlife Offers. There's no need to request an application pack if you're applying online.
- **29 July** – last day to apply for Mid Tier or Wildlife Offers

You can claim for Capital Works under HLS throughout the year, when you complete work, as specified in your agreement.

Register Professional Plant Protection Products with DEFRA

If you import, manufacture, process, distribute or sell **professional plant protection products (PPPs)** in Great Britain, register to comply with regulations.

Learn more [here](#).

Lump Sum Exit Scheme

DEFRA expect to open the Lump Sum Exit Scheme for applications from April until the end of September 2022. You can [read about the scheme](#) on GOV.UK. DEFRA will issue further guidance when the scheme is opened.

Sustainable Farming Incentive Guidance [on Gov.UK](#)

Covering:-

- Summary of Sustainable Farming Incentive (SFI) in 2022
- Get ready to apply for an SFI standards agreement
- Eligibility for an SFI standards agreement

- SFI standards - agreements and payments
- SFI standards
- SFI annual health and welfare review

Details on how to prepare to apply for SFI [here](#).

Livestock Information Service open for reporting movements for Sheep, Goats & Deer

The first reporting service to move from ARAMS to LIS is open now for sheep, goats and deer.

If you want to use this new service online, you will need to first [create an account](#).

If you currently report via paper, nothing has changed.

If you use farm software you **will still need to create an account**.

For more information go to <https://www.livestockinformation.org.uk/>

Greener Footprints Pledge

Herefordshire Rural Hub has signed up to the Greener Footprints Pledge.

You can make a pledge today as part of the Greener Footprints campaign. You can sign up as an individual, employer, community or as a partner.

The hub would like to you to share your top tips and practices with us, so please do

email email editor@herefordshireruralhub.co.uk with your best practices.

Their campaign '30 for 2030' will involve putting the spotlight on 30 employers from the private, public and third sector to track their progress and achievements along the way and help inspire other organisations to do the same. It would be great to have 5 land-based businesses showcasing how they already capture carbon and demonstrate their journey towards net zero. Learn more [here](#).

From **Natural England**, we have two short films that you might be interested to see:

[Regenerative agricultural practices for clean air and water at Great Wollaston Farm](#)

[Slurry Management for clean air and water at Harper Adams University](#)

Delay to changes for Reducing Ammonia emissions from Urea Fertilisers

The proposed alternative approach to the use of [urea fertiliser](#) will be delivered through the Red Tractor farm assurance scheme and FACTS advisers **from 2023**,

delaying the planned changes by at least a year to help farmers manage costs and give more time to adapt to pressures on the supply of ammonium nitrate fertilisers.

Ricardo Energy and Environment **[“Survey on practices to reduce ammonia emissions”](#)**

If you are a farmer, land manager or contractor who uses slurry or manure, you are invited to take part in this survey which explores the benefits and challenges to farmers of adopting practices that reduce ammonia emissions on farms.

The survey is anonymous, and you are not required to provide any identifying information unless you choose to do so.

The findings from this survey will provide information for a wider project undertaken by the National Institute for Health Research Public Health Research (PHR) programme researching the impacts of ammonia on human health and the environment.

Consultation on Improvements to Equine Identification and Traceability in England

The purpose of this consultation is to seek views on the UK Government's proposals for improving the equine identification and traceability regime in England. Resulting changes made will ensure the system better supports the Government's priorities of animal health and welfare, and protecting public health.

[A Farmers Weekly Webinar: Soil carbon farming: What's in it for me?](#)

Thursday 19th May, 5pm - 6:15pm

The panel of experts will be debating the dos and don'ts of soil carbon farming and discussing:

- What is soil carbon farming?
- Why is it important for farmers?
- How can you increase soil carbon?
- What are the opportunities and risks surrounding monetisation of carbon credits?
- How much control do farmers have over carbon certificates?

To book, click [here](#).

[CSF Profiting from trees on poultry ranges](#)

A webinar will be held at **7:30 pm on 24th May**

With input costs and interest rates rising every penny counts. Find out how tree planting has benefitted one free range egg business and boosted profits. Learn about the practicalities of planting and tree care, plus the benefits for air, water, soil health, wildlife and carbon storage.

Advice and support available to farmers will also be discussed.

Speakers include:

David Brass, Farmer Owner -Lakes Free Range Egg Company

Paul Arkle, Woodland Adviser- Cumbria Environment Partnership

Sue Buckingham, Catchment Sensitive Farming Officer-Natural England

Bridie Whittle, Catchment Officer-Wye and Usk Foundation

To book a place please email:

Sue.Buckingham@naturalengland.org.uk or leave a message stating your name, farm address and email address on Sue Buckingham's answerphone [07833 095 708](tel:07833095708). A link to the webinar will be sent out prior to the event

Tuesday 21 June 2022, 2 - 6 pm

Middle House Farm, Burley Gate, Herefordshire, HR1 3QP

Join ADAS and AHDB to see the plot demonstrations and discuss pests, weeds and diseases with technical updates and experts on hand.

Demonstrations will focus on:

- Full winter wheat Recommended List
- Wheat disease management
- Weed control
- Management of cabbage stem flea beetles
- Experts will be on hand to discuss each demonstration and provide insight into the wheat variety resistance ratings and yield outlook for the year ahead. More details and book [here](#).

Advice & Support Available Across Herefordshire from the Wye & Usk Foundation

We are still working to support farmers during these strange times – if you need any advice please contact one of our Catchment Advisers as usual.

Woodland Creation Support

We are able to offer advice and support for any landowners within the Wye Catchment wanting to do woodland creation through the England Woodland Creation Offer (EWCO). The EWCO is a Government funded grant to plant woodland for the purposes of Water Quality, Flood Prevention, Riparian, Buffers, Priority Habitat Creation and SSSI Protection from Ammonia. A minimum of 1ha needs to be applied for with a minimum of 0.1ha blocks.

Standard costs for trees, tree guards, fencing and gates etc. are available, as well as a Maintenance Grant of £300 per ha for 10 years.

If this is something you are interested in then please contact one of the advisers below for more information.

For more information or to request a visit please contact one of the WUFadvisers:

Lucinda Lewis [07824 904 877](tel:07824904877); **Tom Jolley** [07545 253 155](tel:07545253155);

Jonny Pugh [07825 743 447](tel:07825743447); **Abi Croshaw** [07990 068 941](tel:07990068941);

Claire Spicer [07741 856 770](tel:07741856770); **Ben Nott** [07539 902 680](tel:07539902680)

Support Available from Severn Trent in the Wye Catchment

Severn Trent Water are working with the Wye & Usk Foundation to fund advice and grant schemes in the Wye on an annual basis. It is restricted to the Drinking Water Safe Guarding Zone which follows the main rivers, so if you farm on the main stem of the Wye, Lugg or Frome and would like to improve a pesticide handling, disposal options like biofilters or alternative management, there may be funding available to support this.

STEPS for Water Quality will re-open in May 2022.

Grant Aid is available to improve Pesticide Handling Facilities in the yard and for the placement of Arable Grassland Buffers to protect water courses. There are also options available for grassland farms such as Alternative Weed Management and Precision Application Technology.

STEPS can be run in conjunction with other schemes as long as an item is not being double funded. If you would like more information about the funding Severn Trent has to offer then please contact one of the advisers below or [Click Here](#).

Free Specialist CSF Visits

CSF offer a number of free specialist visits to farmers within the Wye catchment.

The following visits can offer support on tackling phosphate and sediment loss:

- Soil and Nutrient Management Planning.
- Assessment of Soil Health.
- Farm Machinery Management to improve soil condition and reduce Pollution.

In addition, the following visits can help farmers to save nitrogen and reduce Pollution

- Conserving Nitrogen Through reducing Ammonia Emissions
- Woodlands for Water and Air

We will be launching some new specialist visits in the future including one on Phosphate Management Planning.

If you are interested in one of these or would like further information, please contact your local CSFO

British Farming Awards 2022

Celebrating the innovative, determined and extraordinary farmers across all sectors, The [British Farming Awards 2022](#) are now open for entries and nominations! It is time to showcase the diversity and resilience of the UK's farming community, no matter the size or scale of farm businesses.

There is a new list of [awards categories](#)

Entries close on 24th June 2022

To enter yourself or nominate someone else [CLICK HERE](#)

Britain's Fittest Farmers is Back!

After the success of last year's **Farmers Weekly** competition Britain's Fittest Farmer will be returning in 2022!

More details [here](#).

Nuffield Farming Scholarships

The applications are now open and will close on the 31st July 2022.

Applications are welcomed from those working across the farming, food, horticulture, rural or associated industries. With around 20 Scholarships awarded each year,

successful applicants are provided a substantial bursary to fund travel to study their chosen topic. Additional funding is also available for Scholars to attend the Contemporary Scholar's Conference, training sessions and other events. You do not need formal qualifications to apply.

To apply you need to be between 22 and 45 years of age.

To find out more information please visit the website

www.nuffieldscholar.org

or contact Charlotte Merson - charlotte@nuffieldscholar.org

John Nix Pocketbook for Farm Management

The Pocketbook 2022 Edition contains reliable and trusted information covering all aspects of agriculture at farm and industry levels and is packed with new information and more detailed analyses. Full details [here](#).

The Cultivate Programme

A fully funded business support programme which will run virtually over a ten week period, **starting on Weds 4th May**.

With half day sessions as well as tailored mentoring support, it provides a structured and fast paced step up for businesses wishing to take their products, processes and services to the next level.

This programme focuses on supporting **agri-tech** and **agri-food** companies who are ready to take the next step in their business journey, by helping them focus on where they started, where they are now and where they want to be.

It is open to businesses throughout the UK and is delivered by Harper Adams University, supported by Barclays Eagle Labs.

Some of the core sessions include finance, access to funding, upscaling production, sustainability and routes to market. Click [here](#) for more details.

Funding For Farmers (DEFRA)

You can apply for money to improve the environment while producing high quality food and other products if you're a farmer, land manager, forester or horticulturist.

[More details here.](#)

The Prince's Countryside Fund / HFYFC Training grants

The funding is easy to access. All you need to do is select which course you would like to go on and complete the application form.

If your application is approved you will be able to reclaim 70% of your training and test costs, up to a maximum of £250.

Applicants must be a current member of Herefordshire Young Farmers, or a past member who is under 40 years old.

The fund will support training that will; improve your employability, increase or improve your skill set, improve your safety or allow you to undertake extra

responsibility in your current job.

Whatever training you are applying for, please ensure that you submit your application form in good time before your course is due to take place, as training cannot be funded retrospectively.

For any queries or to request an application form, please email Frances at admin@herefordshireruralhub.co.uk

Guidance for farmers on red diesel rule changes

Just a reminder that on 1 April 2022 those who use red diesel (also known as rebated fuel) to power off-road vehicles and equipment have lost the entitlement and now have to use white diesel. Visit the NFU website for the details.

[NFU Changes to Red Diesel](#)

The Jack Hughes Fund

The Jack Hughes Fund is available to farmers and farm staff aged over 40 years working on a **Herefordshire** farm.

The amount of funding available is up to a maximum of 70% of the course cost to an overall maximum of £200.

The funding is easy to access, but please note that the project will not support training retrospectively & places will be limited. Applicants need to be resident in Herefordshire.

Funding will support -

- retraining or upskilling as they are leaving the industry
- training to support a new farm diversification enterprise
- training or business support for succession planning

And is also available for farm-related training including -

- Safe use of pesticides - PA1, PA2, PA6
- Rodent control on farms
- Emergency first aid
- Food safety (Basic Food Hygiene)
- Chainsaw Maintenance & Cross Cutting (CS30)

For further details or an application form contact the **Herefordshire Community Foundation**

Email: administrator@herefordshirecf.org Phone: [01432 272550](tel:01432 272550)

See what **Visit Herefordshire** are up to, from Blossom Walks to Black and White Breaks. Keep up to date at their website, or sign up to their emails.
